OUT ON THE LIMB

with George Vierhus

LAST WEEK CONSIDERable space in this column, as well as the entire paper, was devoted to the big move of the city hall gang from the old city hall into the new city hall.

As you know, the distance between the old and new buildings is merely a hop-skip-and-jump. In fact the old city hall, the former Congregational Church structure, practically touches the new $1-million job that now houses the city's administration.

However, distance traveled, as we all know, is really not too much of a factor in any moving operation.

The nitty gritty part is the preparation and packing and then the unpacking in a new location.

The move on Friday evening was accomplished with a minimum of foul-ups.

Most of the reorganizing and unpacking was done on Saturday and the joint was open for business on Monday morning as per schedule.

By the end of the week, the city hall machinery seemed to be purring along on most cylinders.

-0-

IRONICALLY, SUMMER weather, after a slow start, arrived with a vengeance, to coincide with the big move.

We say "ironically" because one of the few "details" that was still in limbo at the time of the move was the cooling system for the new city hall.

It has not yet been installed.

And wouldn't you know, the first few days of the week were almost the hottest ones of the year to date.

Unlike the old building, which was not air-conditioned, the windows in the new one apparently cannot be opened because the place is built for air-conditioning.

The doors, however, could be opened.

So the staff managed to survive the hot spell.

And look at the bright side.

At least it didn't rain during the big move.

-0-

MISSING FOR THE FIRST City Council meeting, in addition to the air-conditioner, was the new public address system for the council chambers.

So for that historical first session, the city fathers had to depend solely on their own vocal chords.

They apparently did that quite well, according to our Dorothy, who filled in for us because we were busy grand-jurying that particular night.

Some snide character, after attending that first meeting in the council chambers, submitted that he hoped the new clock tower, which is soon to be in place, will be able to be viewed from that room.

That is, if "time is the essence" and neither you nor your neighbor has a watch.

It seems that the modernistic clock that was placed in an offset at the front of the room can only be seen by those seated in the back rows or on one side.

For sure the clock is out of view of the councilmen.

But then again, the councilmen are not supposed to be clock-watchers anyway.

-0-

APROPOS OF THAT first meeting in the new city hall, the council awarded contracts for various phases of the civic center complex development that very definitely will add to the overall improvement of the whole ball of wax.

The three contracts totalled more than $200,000 and were for landscaping ($33,369), street improvements ($130,765) and furnishings ($43,784).

The contracts were a-

Little League tourney begins

It will be "sudden death" for two former runners-up of the Little League world championship, Campbell all-stars and Santa Clara Briarwood, this Thursday, July 22, when the two teams clash in the first game of the long tournament trail.

The game, starting at 6 p.m., will be played at the Moreland Little League field at Payne School.

Campbell all-stars went all the way to the final game at Williamsport, Pa., last year, while Briarwood was a world series finalist in 1969.

The winner of Thursday's battle will play again on Monday, July 26 at the Santa Clara El Camino Little League at 6 p.m.

On Tuesday of this week, Sunnyvale Metro and the Moreland all-star aggregation battled on the Campbell field at Rosemary School.

On Aug. 12-13-14, Campbell will be host at the Rosemary School field to the division tournament, the last step before the regionals from which the winner goes to Williamsport.

Teams from Fresno to the Oregon line will participate in the division tourney here.

Garden Club wants official city tree

Designation of the Giant Sequoia as the official tree of Campbell has been asked by the Campbell Garden Club in a letter which will be on the City Council agenda for next Monday, July 26.

A light agenda faces the city fathers, who will meet for the second time in the council chambers in the new city hall which is still without air-conditioning or a public address system.

Also on the agenda is the application of Central Development Co. for a zone change that will allow a nine-story, commercial-office-apartment complex, plus a three-story parking structure, to be constructed at Llewellyn and Hamilton at the expressway.

The Planning Commission unanimously had rejected the application, but under the city ordinance, the application must also be acted upon by the Council.

Because the applicant has indicated that some changes have been made in the plans that were rejected by the planners, the City Council, following past policy, is expected to refer the modified plans back to the Planning Commission before taking action on them.

Up for approval before the Council Monday is another zone-change request that will allow a 155-unit apartment complex to be constructed at 1805 S. Bascom.

Final approval is also scheduled to be given the new landscape ordinance and two other routine measures.

The Council is also scheduled to accept the city hall from the R.V. Frazier Construction Co. However, the city will retain 10% of the contract price until final approval is made.

Bill Wren, public works director, has submitted for Council discussion two grade crossing possibilities, one at Hacienda and Winchester and one on Pollard Rd.

William Homan, college trustee dies suddenly

William J. (Bill) Homan, 49, a member of the West Valley College board of trustees since July, 1964 and a former chairman of the board, died suddenly of a heart attack on Monday in Manassas, Virginia, while on a college business trip to Washington, D.C.

Homan, who was born in Beverly, Mass., Dec. 8, 1921, had been employed by IBM for more than 20 years and was an electrical engineer for that firm at the time of his death.

Fire causes $50,000 in damages to apartment

Approximately $50,000 in damage was done to a two-story fourplex at 1405 Kim Court last Wednesday by a fire that originated in the garage of one of the downstairs units.

According to Capt. James McMullen of the Campbell Fire Department, Donald Vadney, tenant in the unit, was adjusting the fuel line on his motorcycle when some of the gasoline leaked out onto the concrete floor. The fuel spread toward the water heater and the pilot light ignited the fumes, causing the sudden blow-up.

The downstairs unit occupied by Vadney and the two second-floor apartments, occupied by Ken Vestal and Bob Hickey sustained fire, water and smoke damage. Little damage was done to the other lower floor unit, occupied by Calvin Coikenall.

San Jose Fire Department units, as part of the recently executed mutual aid agreement with Campbell, rolled to the scene to assist the Campbell department. The blaze was extinguished by the firemen in about 30 minutes.

The building is owned by Ira Kirkorian. Fire department officials unofficially estimated that damage to the contents and structure was more than $50,000.

The accompanying pictures show views of the damaged interior and exterior of the building. Pictured also is the motorcycle (or what was left of it) and the water heater. Charred remains of some aerosol cans that were in the garage are also pictured. Captain McMullen is pointing to damage done to the ceiling in the lower right picture.

NEW POLICE CAPTAIN--Sgt. John Butler, 39, who has been with the Campbell Police Department since December 15, 1959, has been promoted to captain as a result of the competitive examinations held for that position, according to Police Captain Don Burr, acting police chief. The promotion is effective August 1. Butler was promoted to sergeant in October, 1961.

Butler and his wife, Norma, have four children and reside in Campbell.

RECOVERING

Bob Culp, principal of Westmont High School, is at home recuperating after recent back surgery. Culp is looking forward to getting back to Westmont as soon as possible.

FAMILY GATHERING---Children of the "king" find it very difficult to wait patiently for their father to pay attention to them. The children are members of the cast of "The King and I" which is being presented at Campbell High School auditorium on July 23, 24 and 25. The Friday and Saturday performances are at 8 p.m., with a Sunday matinee at 2:30 p.m. Cast members include Alden Skinner as the King; Elaine Bostwick, Anna; Carolyn Mashoes, Tuptim; Mary Connetto, Lady Thiang; Number One Son, David Javelosa; and Lun Tha, Michael Simpson. A second production, "Plain and Fancy" will be presented July 29, 30 and 31.

PLANNING COMMISSION DECIDES

Automatic drive-in theater switch issue now goes to City Council for ruling on ordinance

Campbell City Council will have to decide whether the ordinance is realistic that specifies automatic shut-off switches for drive-in theaters, an abbreviated Planning Commission decided on Monday night. The issue will be on the agenda for the Oct. 9 Council meeting.

Only four members of the Planning Commission were on hand for the session, but there were four former Planning Commission members in the audience who continued with their argument that the Winchester Drive-in Theater was in violation of the ordinance. They claimed the theater did not have automatic individual shut-off switches for each car.

The discussion had been continued from a previous Commission meeting when Kel Young, Frank Klein and Jack Healy, all former planning commissioners, maintained that the theater was not complying with the ordinance. On Monday night, Thayer Lyons, another former commissioner joined the trio in presenting their case.

Present also at the meeting on Monday was a delegation of residents of Paseo de Palomas, a mobile home park adjacent to the theater. Mrs. Laura Kraber, of 84 La Paz, executive director of the Los Gatos-Saratoga Board of Realtors, was spokesman for the group.

She emphasized the noise made by the theater created a nuisance and that speakers had continued to sound off after the cars had pulled away. Honking of horns and squealing of brakes also created an annoyance to the mobile home park residents, it was claimed.

Art Kee, planning director, reported that the staff's research had failed to find any manufacturer who made individual speakers which turned

Library crisis

Apparently there will not be a new library in Campbell for at least another year, or maybe more.

This is the conclusion that is to be drawn from the refusal of a majority of the county Board of Supervisors to approve a two-cent hike in the county library district to accelerate the building program for branch libraries in the district.

Only Supervisor Ralph Mehrkens, who represents this area, favored the recommendation made by representatives of nine cities that are part of the library district.

Although the library district operates on its own tax rate separate from the general tax rate of the county, the supervisors administer the district and thus have the final fiscal say in the matter.

While it is commendable, of course, to "hold the line" in taxes and while we recognize that the supervisors have problems of astronomical proportions in attempting to keep the county government solvent without making the tax load too heavy, we think the supervisors failed to take into consideration just what the situation was in the county library district.

It may be that the supervisors are so troubled by the fiscal problems they face in the overall county government, they have become confused over the specific district affairs and their rejection of the two-cent district tax increase was merely a reflex action.

To clarify the situation it should be first understood that property owners residing in the county library district pay a 21-cent rate for library services that is in addition to the general county tax rate. It is a special district that excludes those areas that operate their own libraries, e.g., Palo Alto, Los Gatos, San Jose, etc.

Through rather a complicated legislative procedure, cities within the library district, by a joint powers agreement with the county, can finance and build library buildings and in turn lease them to the library district.

This method allows communities that are in need of expanded library services to obtain the needed facilities much sooner than would be the case, if the library district attempted to meet all the needs from its own tax revenue.

This joint powers approach has been very satisfactory and has provided library facilities in areas where needed. Citizens in the various districts have accepted this concept by approving bond measures to finance the city's part of the bargain.

That was the case in Campbell.

In October, 1967, the citizens of this city approved a $400,000 bond measure to finance the construction of a new library building which would be built by the city and in turn leased to the county library district. The lease payments would pay off the bonds.

A number of other cities in the district used the same means to get the necessary funds for the same basic reasons.

Campbell's case was a little more complicated, however. It was originally planned to build the library as an integral part of the civic center complex.

However, library district officials learned that a $200,000 grant would be available, if a larger library structure was built. But it was found that not enough property was available in the original city hall site for the expanded building, so additional property was acquired across the street.

Bond money, of course, was used for this property acquisition which meant, naturally, that there was less money available for the actual building.

But the library officials had indicated that the grant plus other funds would be used for the building and the city's share would remain the same.

In the meantime, the library district was facing similar situations in other localities. It became obvious that without additional funds from tax revenue the building program would be slowed down tremendously.

And that is where the cities concerned stepped into the picture.

It was estimated a two-cent increase in the library district tax would accelerate the library building program. Representatives of the cities recommended that action.

However, the supervisors have indicated that they will not authorize the tax hike for the district and thus by this action, or inaction, the entire library building program will suffer.

We think the supervisors should examine the situation again, for we feel that they were not aware of all the ramifications involved.

warded the low bidder in each instance. There was plenty of competition.

In all cases, the low bids submitted were lower than the estimates which always makes it easier for all concerned, especially on those who did the estimating.

AS ONE WHO HAS LONG carried the torch for "dealing locally" whenever possible, we were especially pleased that the furnishings contract was awarded to the Campbell Office Machines & Furniture as low bidder.

There were eight bidders in this category and they followed specifications approved by the council and which had been drafted after months of soul-searching, examination and research by experts in the field who assisted the city staff.

If the amount of man hours spent in planning and measuring and comparing mean anything, and we are convinced it does, we are certain that the new furnishings will harmoniously blend into Campbell's modern and attractive city hall, making it that much more outstanding.

If we sound a little sticky, remember we have been around since before there was a city hall of any description.

The town has come a long way.

-0-

AS A POST SCRIPT TO this bit about buying locally, we note that Jeff Whitaker, in his report on the bids for furnishings reported that the bid of $43,784.14 of Campbell Office Machines included $2,084.95 for sales tax of which the City of Campbell will get approximately $417.

That would not be true if a firm outside the city had been awarded the contract

Incidentally, there is still another point that should be included while we are on the subject.

With no thought of compensation and recognizing that the bidding would be extremely competitive, Miles Tully, of Campbell Office Machines, contributed his expertise, as well as many man hours, in cheerfully working with the city personnel in the arduous task of measuring and planning each office in the city hall virtually on an inch-by-inch basis. And then demonstrating by actual samples just what was what.

It resulted in a detailed and comprehensive program which was enthusiastically approved by the Council that went out to bids.

As one who helps pay the freight, we were pleased with the results of the bidding.

We are also glad and relieved that Miles sharpened his pencil enough to get the job.

We have an idea that the councilmen who did the awarding probably feel the same way.

NO ONE IN HIS RIGHT mind probably would ever research these columns of ours over the years to prove whether we are right or wrong, but we think that our comments on traffic conditions, in varying degrees, probably have taken up more space than any other single item.

Admittedly traffic conditions cover a wide spectrum and, we suppose, on the whole our comments in this column on the subject have made more or less the same resounding impact as our other mutterings.

To begin with, except on rare occasions, our traffic comments can be placed in the same bin with those on the weather. There doesn't seem much that can be done about it.

Yet we keep trying.

So here we go again.

With all the great engineering minds that are involved in the planning of freeways, and the improving of streets so the traffic can rush faster, isn't it humanly possible to "save" some of the prime residential streets in our community from bumper-to-bumper oblivion?

Or to put it another way.

Because a residential street happens to be the shortest line between two points, do we have to make it easier for the through traffic to use that street?

See what we mean?

It is like a comment on the weather.

off automatically. He submitted also that defining what was meant by "automatic" was difficult.

On the motion of Norm Paul, the commissioners then referred the matter to the City Council for clarification.

An appeal by Parts Mart of the planning director's ruling that the sign for the firm at 3030 Winchester did not meet the sign policy because it was not similar to the other signs in the center, was continued for the second time because of the absence of three commissioners, Myron Alexander, Ed Pack and Carl Larson.

A motion to deny the appeal got a 3-1 vote (with Chairman Dale Scott dissenting) failed because it was not a majority. The motion to continue was approved by a 4-0 vote.

Continued also until more commissioners were present was the application of Value Investors for a zone change from R-2-S to P-O for property at 129 E. Hamilton.

Approved by a 4-0 vote was prezoning of property on Bascom next to La Fonda.

In another action, the Planning Commission agreed that P-D (planned development) should be the zoning for property owned by V. Agriesti at 880 E. Campbell Ave. The commission had previously recommended P-O (professional office) for the property, but the matter had been referred back by the Council for further study.

In a related matter, after considerable discussion, the Commission recommended that the entire area facing E. Campbell and extending to Michael Dr., from Barbano Dr., to the freeway should be rezoned P-D.

The Commission referred to a study session the request of merchants in the Campbell Shopping Center (Latimer at Winchester) for permission to conduct a "flea market" on a more or less regular basis.

High school district announces administrative fall assignments

Campbell Union High School District has announced new administrative duties for the fall term.

Jack Wagnon, former director of education at Prospect High School, has been appointed to the principalship at Branham High School. All other principal assignments are unchanged. Wagnon replaces Burl Fields, who has been appointed a counselor at Williams Continuation High School.

George Buonocore, former science teacher at Prospect, has been assigned to the post of director of education at that school.

Robert Brown, former Westmont counselor, has been appointed director of education, replacing Dick Bondelie, who has left the district.

Patrick Brimmer, former math teacher at Campbell, has been appointed Dean of Boys, replacing Raymond Sampson who is now a counselor at Westmont.

Other appointments include Owen Hege, director of activities, Westmont; Merritt Hicks, full-time district research and math supervision; John Erceg, Branham counselor; Lloyd Gillespie, Leigh director of activities; Rita Wilkinson, Westmont counselor; and David Todd and Glen Denner, half-time counselor duties at Camden.

At a recent reorganization meeting, the district trustees elected Vernon Rutlen, president; Dorothy Goble, vice-president and William L. Murphy, clerk of the board.

STATE SUBVENTIONS

According to the State Controller, Campbell was allocated $9,758 in May as this city's apportionment of the cigarette tax and in June the allocation was $7,257.

The May apportionment for the highway users tax was $16,857 and the June apportionment was $18,514.

OPENING FOR FIREMAN

Applications will be received at the Campbell city hall until noon on Wednesday, July 28, for the position of fireman in the Campbell Fire Department.

Salary range is $812-$988 and applicants must be high school graduates between 21—31 in age. A physical agility test will be given July 31, and a written examination will be offered those passing that on Aug. 7. The oral examination has been tentatively scheduled for Aug. 25.

SHOWTIME--Debbie Dakins, far left, listens while Mark Healey tells her of the dangers of the forest as San Jose Children's Musical Theater prepares for their presentation of "Little Red Riding Hood" at Cabrini Theater next month. Debbie is Red Riding Hood and Mark is Uncle Bill.

Red Riding Hood is summer show

The School of Performing Arts, a branch of the San Jose Children's Musical Theater centered in the Valley Fair section of San Jose, will culminate their summer workshop with a production of the famous musical folk-tale, "Little Red Riding Hood" on Saturday and Sunday, July 31 and Aug. 1 at 3 p.m. in The St. Martin's Parish Hall at 300 O'Connor Dr. A donation of 50 cents is requested.

This summer, the San Jose Children's Musical Theater, sponsored by the Cabrini Community Theater and endorsed by the Fine Arts Commission of San Jose, has expanded its operations to encompass a larger area and to serve the youth in different sections of the metropolitan San Jose area.

Participating this summer are over 200 youngsters from 4–19 years of age, coming from as far away as Coyote and Sunnyvale, and participating in workshops covering sight reading of music, music history, classes in violin, theatrical dancing, voice, and productions of "Goldilocks and the Three Bears" (a marionette-people musical), "Little Red Riding Hood". "Hansel and Gretel" (a special production produced at the special request of the Santa Clara County Fair), and "Wizard of Oz" complete with orchestra and a cast and crew of over 150 youngsters.

West Valley Cheerleaders

by Sharon Wungluck

Maybe it's not quite time to sit bundled up on a hard bench to watch a football game; but parents, girlfriends and coaches can vouch for the fact that the wait won't be too long. Some diets have started (some never ended), and practices aren't too far away.

No matter what the guys think, the girls haven't forgotten the excitement of last year's games. This year the West Valley Cheerleaders have decided to get as much coach-in and preparation as the football team.

Anyone ever hear of a cheerleader training camp? Well, there is one--down on the UC Santa Barbara campus. The girls will need about $200 to finance the trip, and they only have a few weeks to earn it.

So, if someone comes up to your door and asks you to buy a ticket for their carwash--DO IT! If you've missed that chance, don't worry--just stop by Bill Buchholtz Chevron at 535 Hamilton Ave. (just off San Tomas Expressway) sometime between 10 a.m. and 5 p.m. on Saturday, July 24.

When fall comes and once again you're sitting on a wooden bench at a West Valley game, look at the girls in front of you and know that because of you . . . someone can be happy in such a cold uncomfortable place!

"Fiddler" is Light Opera production at Saratoga Friday

Announcement of the cast of West Valley Light Opera Association's pre-release production of "Fiddler On The Roof" has been made by Paul Gurev, the play director.

The famed musical will be produced by West Valley Light Opera Association prior to any other amateur group in the area.

Opening on Friday evening, July 23, at Saratoga Civic Theatre a total of 16 performances are planned with August 21 the closing date.

Cast in the leads are Marge Hand as Golde and Bob Maher as Tevye.

Principal supporting roles include Claire Anton as Yente, the matchmaker, with daughters Tzeitel played by Eunice Wahlton, Hodel by Connie Howard, Chava by Lisa Altschul, Shprintze by Peggy Wilson and Bielke by Linda Hand and Debbie Moradsadeh (alternating).

The tailor Motel is played by Bob Finocchio, his mother, Shaindel, by Shirley Rosenberg, the Perchik by J. Francis Reso, Lazar Wolf, by Jack Hargens, Mordcha bv Phil Szuszitzky, the Rabbi by Joe Assenza with the Rabbi's son Mendel by Charles Boyer.

Tony Saenz appears as the Fiddler, the constable is Sandy Palm, Sol Almes portrays Avrahm, Chris O'Loughlin plays Nachum, Carol LePage is Fruma Sarah, and Jeffrey Gould plays Fyedka, the Russian who falls in love with Chava.

The Musical Director is Howard M. Kirstel of the Montoya School of Music, Barbara Valente, is choreographer, Anthony Baker is technical director and his wife, Donna, is the set designer.

The costumes are designed by Bobbe Gurev with Nancy Bentley, Marianne Howard, Laurie Ricketts, Cele Pincus and Gail Richards as costumers. Lighting designer is Bob Finocchio, rehearsal pianists are Nate Wilson and Jacqueline Beard, make-up is by Mina Lunt and photography by Frank Miceli.

Capt. Maurice is the producer with Edward Hand as his assistant and production co-ordinator.

HALFWAY UP

"Halfway up the Tree" will be presented by the British American Actors' Company at The Carriage House Theatre, Villa Montalvo, Saratoga, on July 23, with performances on July 24, August 6 and 7, with a special benefit on Aug. 8. Curtain time is 8:15 p.m. for all performances.

ALL KINDS OF MUSIC---Students attending a musical workshop at Campbell High School are preparing for two musical productions, "The King and I" and "Plain and Fancy." "King" will be presented Friday, Saturday and Sunday and "Fancy" the following week.

Above, far left, students Jeannie Traina, Michelle Murphy, Karen Peterman, Mary Ann Lauderdale, Joan Evans, Melody McKinney and Beth Johansen rehearse "City Mouse, Country Mouse" for "Plain and Fancy".

Pictured on the far right are Steve Gutierrez and Jeannie Martin who play Poppa Yoder and his daughter in this tale of life in Amish community of "Bird-in-Hand."

Two wives of the "King", second from right, Karen Lynch and Mary Peterman, find it difficult to manage their hoopskirts in rehearsal.

Top, center, Mrs. Peggy Alberti directs "King" orchestra while students below seek advice from costume department. Right, Pam Pennington tries on her headdress as "Buddha."

Summer schedule of activities make regular school look like a vacation!!!

So your child has nothing to do this summer!

Not if he lives in the Campbell area and attends school!

For children locally are involved in: industrial arts at Rolling Hills; swim programs at several of the high schools; gymnastics at Rolling Hills; summer music at Campbell Elementary; music, drama and arts at Campbell High School; girls baseball at Castro School and a dramatic presentation at Hazelwood School.

RECREATION

In addition, there are daily recreation activities at 17 schools in the Campbell Union School District which include crafts, films, field trips, and weekly themes.

Recent recreation events include an international week; a carnival week and plans are underway for a pet parade on Friday. The program at the elementary schools will conclude with hobo week on July 30.

The schools are staffed with from two to four leaders and are open weekdays from 9 to 3 p.m.

Field trips include ice skating, roller skating, boardwalk tours and picnics.

WOODSHOP

At Rolling Hills school John Pimentel and Bud Jolimay are conducting daily classes for students which include the use of lathes, jig saws, band saw, routers, sanders and drill presses in the woodshop and various kinds of metal work in the metal shop.

The classes are held daily from 9 to 12 and from 1 to 3. Students who are making special projects buy their own materials.

SUMMER MUSIC

Enrollment in the annual summer music program at Campbell Elementary School has surpassed previous records, according to Ed Tonini, summer music director. Daily morning classes in instrumental music, including horns, woodwinds, string instruments and percussion are preparing for the school district's annual summer concert at San Jose Civic Auditorium on Thursday, July 29. The concert is free to the public.

HIGH SCHOOL MUSIC

Rehearsals and practices at Campbell High School for two musical productions are being conducted mornings, afternoons and evenings as summer school and former students ready for the musicals "The King and I" on July 23, 24 and 25 and "Plain and Fancy" on July 29, 30 and 31.

The workshop is under the direction of John Hall and former students George Akina ('69), Kay Pruvich ('68), Perry Rogers ('69) and Ann Sjoberg ('69) are assisting. Choreographer is Janie Jones. Mrs. Peggy Alberti is directing the orchestra for the "King" and Bill Perkins for "Fancy".

GYMNASTICS

A regular summer activity is the gymnastics program at Rolling Hills School under the direction of Don Peckham and Jim LaBerge. Trampoline, balance beam, tumbling and related activities are conducted daily.

Patio party is nursery school introduction

The Saratoga Parent Nursery School, at 20490 Williams Ave., Saratoga, is holding a Pre-School Patio Party on July 28 from 1:30 to 4:30 p.m. to introduce the new director, Mrs. Virginia Palm, to parents and their pre-school children.

The school, sponsored by the Los Gatos-Saratoga Adult Education Department, is open to anyone with children from two years and nine months to kindergarten age. It offers a program of play and learning in which the parents participate in planning and carrying out various activities.

Mrs. Palm has pursued advanced study in the field of early childhood education and has a wealth of experience both as teacher and as director of various nursery schools in this area. For the past two years, she has been president of the Peninsula Chapter of the Association for the Education of Young Children.

For further information, contact the membership chairman, Mrs. George Pal, 867-4253.

WOODSHOP AND METAL WORK---At Rolling Hills School 7th and 8th graders are having a ball working with wood and metal. Top; the boys show off their handiwork. Next, Bill Stryker shapes a piece of metal, and takes it to instructor Bud Jolimay to weld. Fourth from top, Joe Enfantino shows David Siino how to use a router to cut a board. Whoops, yes, Vicky Don Kaenal is a bonafide member of the class and is making a bedstand. Bottom, Randy Dewees demonstrates the use of a woodworking tool.

RECREATION IS FUN---Children attending recreation programs sponsored by Campbell Union School District have many activities to keep them busy. The little miss with the bunny attended a pet parade at Monroe School. The balloon group attended a carnival at Dover School; the fishpond is at Rosemary and the clown made his appearance at Quito School.

College symphony presents concert

West Valley College's Symphony Orchestra, under the direction of Cesare Claudio, will present its summer concert July 28 at the Campbell campus auditorium, corner of Winchester Blvd., and Campbell Ave.

The concert will be repeated July 31 at the new Flint Center of the Performing Arts at DeAnza College in Cupertino.

Programs for both evenings include Symphony No. 40 in G Minor by Mozart, the "Caucasian Sketches" by Ippolitow-Iwanow and "Capriccio Italien" by Tschaikowsky.

Both concerts will begin at 8 p.m. and are open to the public free of charge.

COLLEGE POOL

West Valley College's swimming pool, located on the Saratoga campus, will have open swimming every Saturday from 1 to 7 p.m. through the month of July. This is in addition to the 1 to 4 p.m. swimming hours held Monday through Friday.

A 25-cent admission charge will be made of each swimmer. Participants must be 49 inches tall or be able to swim 25 yards unassisted in order to use the pool.

Swimmers should bring their own suits and towels.

ST. LUCY'S

YOUTH COUNCIL REPORTS

by Mary Jackson

The Youth Council of St. Lucy's Parish has a lot planned for July and August.

A picnic is planned on July 24 for the male retarded patients at Agnew. From 12 to 3 at the hospital, the Youth Council will have games and activities for the patients. Each person will need private transportation to get to the hospital and will bring two bag lunches; one for a patient and one for himself. If you want to go, contact Jim Hillier at 378-7593 or Alice Phillips at 378-3804.

A beach party is being held on August 14. We will meet at the church and then decide on what beach we will go to from there. For more details on that, call Ken at 378-0467.

The second annual camping trip of St. Lucy's Youth Council is being held on August 20-22. We'll be camping at Del Val near Livermore in the Cedars Youth Campsite. We will be roughing it but don't let that distract from all the fun we will be having. There's swimming and fishing available, and you can hike if you want.

If you are interested call, Jim at 378-7593 or Ken at 378-0467.

The Youth Council always needs people so if you want to have a lot of fun join us. Feel free to come to any activity that we are sponsoring. We'll be glad to see you!

MORELAND BOARD

At the July 13 organizational meeting the Moreland School District Board of Trustees reelected Mrs. Doris von Herrmann, president, and John W. Anderson, clerk, for the 1971-72 school year.

Anderson was also reelected representative to the County Committee on School District Organization and to the Coordinating Council of the County School Boards Association. Superintendent Richard L. Davis was named as secretary to the board.

DARTING AROUND

with Tom Carroll

The intermission entertainment at the NCDA-SCDA All-Star Match was a two out of three game exhibition match between Sherrilee Rhodes (Sou-Cal's Ladies Champ) and Nor-Cal's Ladies Champ Bobbie Lindsay. Sherrilee popped a 98 away in taking the first game. Bobbie's highest score was a 79. In spite of Sherrilee's hitting a 94, Bobbie went out on the double 12 to win the game.

In the rubber game both gals were shooting similar scores. Both went bust in shooting for the out. But Bobbie hit with a 29 out to take the match.

NEW PUBS

Ye olde English game of darts will join the Italian dishes of Pizza and Spaghetti now that the dart board is up at Buy The Bucket, 2705 Union Ave.

In downtown Los Gatos, The Club Gato, 37 N. Santa Cruz Ave., has had a board up for some time but it was one of the rolled paper type boards that one buys at the discount stores. Recently Bill English installed a bristle board and expects to have a team for the fall season.

Gary Barker informs me that there is now a board in the Country Store located in the Bailey Park Center, 570 Stierlin Road in Mountain View. They are going to hold tournaments on Monday nights.

Transbay League Governor Brian Coy has opened what he calls an English-American Inn. Located at 928 Grant Ave. in Novato, The Two Flags Pub gives us another location in the North Bay--Marin County area.

Rumors keep coming out of San Francisco about new dart pubs but so far we haven't any names.

POTPOURRI

Our injured motorcyclist Ted Allen has been released from the hospital but no word yet as to when he will start shooting darts again.

Maybe this should have come under new pubs, but a group from the Lancashire Lad made a dart shooting weekend out of the Fourth. First they played at Hefflings next to the fire station in Ben Lomond and then moved to Santa Cruz at the old Wax Museum. Dick Turpin has turned the museum into an old English Pub with chess, checkers and darts.

We understand that Kip Fanjoy has been making quite a few trips to Monterey lately to practice darts with Ted Yudacufski at the Casa Alvarado Chess Center. The word is that they are going to team up for the doubles matches in next month's North American Open in Culver City.

The Zebra Hut has changed their dart tournament night to Wednesdays. Reason: they got tired of the NCDA "Pros" winning every Friday.

At the Mixed Doubles Tournament last February, Des Banks lost his wallet. Last week, in cleaning up the Gaslighter Theater after one of its performances, Art Cupps found the wallet. Everything was there, credit cards and $80 bucks. Apparently it had been wedged all this time between two seats.

DO IT THIS WAY---Mobile cardiac coronary care unit operators demonstrate how the unit can be used.

New mobile cardiac care unit will save lives in this area

By Richard Bosted
Battalion Chief,
Campbell Fire Department

A Mobile Cardiac Care Unit will go into service within the near future in Santa Clara County. This unit will be operated by specially trained nurses and technicians from the Los Gatos-Saratoga Community Hospital. The unit is more than just a first aid truck, as it incorporates the latest life support equipment used in the hospital's intensive coronary care unit.

The M.C.C.U. will always respond from the hospital in conjunction with the Fire Department Rescue Unit to heart emergencies.

The success of the life saving program is dependent on the arrival of the fire department within three to three-and-one-half minutes at the scene where there is a victim of a cardiac arrest or heart attack. The ability to circulate the victim's blood and ventilate his lungs by the use of external cardiac compression and a mechanical resuscitator is essential. These operations will sustain a victim's life until the arrival of the M.C.C.U. which, because of the distance covered, will take longer to arrive.

When the M.C.C.U. arrives they will use the specialized equipment carried to stabilize the victim's condition and provide him with the immediate medical treatment that is so important in cases of heart failure. After the victim's condition is considered stable (not deteriorating) then and only then will he be transported via a special stretcher on wheels, equipped with the portable battery-operated life saving equipment, into the M.C.C.U. for the trip to the hospital.

This pilot program will operate in a limited area which includes all of Campbell south of Hamilton Avenue, and portions of the neighboring jurisdictions: San Jose, Los Gatos, Saratoga and parts of unincorporated County area.

All of these fire departments mentioned have or will be receiving the same special training in order to insure the success of the program. The reason for this area limit is the need for the specialized unit to arrive quickly where needed.

Fire personnel will be utilized to drive the M.C.C.U. back to the hospital so the hospital technicians can administer to the patient's needs while en route. Firemen will also assist with other needs of the patient as the program gets into full operation.

Currently the unit is participating in "dry runs" with the fire departments that will be involved, using simulated victims, to give the operators and firemen an opportunity to work together and become familiar with the specialized equipment.

This will be the first time a program of this type has been attempted in a community this size, and if it is successful there is no doubt it will be utilized in many other areas of the country. Currently this system is operating in large metropolitan areas with tremendous success. Seattle, Washington, for instance, in slightly over one year of operation, has reduced fatalities in heart attack cases from 40% to 13%!

The large metropolitan operations are conducted exclusively with firemen out of fire stations strategically located. The other cities using an M.C.C.U. presently are Miami, Baltimore, Los Angeles, and San Francisco.

With heart disease being the leading cause of deaths in the United States it should be obvious that this Mobile Cardiac Care Unit is the most significant advance in meaningful public service to come along in many a year.

Because of the potential value of this program, the men in the fire service are extremely enthusiastic about the additional training they receive from the hospital staff, and are devoting many hours to insure success.

St. Lucy's YLI honors deputy

Members of the St. Lucy's Young Ladies Institute No. 204 will gather at the Harte Avenue home of Mr. and Mrs. Clyde Hamilton for a potluck dinner honoring their outgoing Institute Deputy Adlyne Rodgers on Thursday, July 22, at 6:30 p.m. Members will be contacted by telephone on what to bring.

Theme for the evening is "Marching Along with Ady" and members are urged to wear clothes of red, white or blue.

Mrs. Doris Ferguson is chairman, assisted by Mrs. Sue Hamilton. Those working for the success of the evening are the Mesdames Joyce Abbott, Karen Barry, Rosemary Chivers, Arlene Podgorsek, Elsie Spehar, Janet Schultz, Frances Ambrosini and Evelyn Sylvia.

VACATION

Richard & Diane Anaya just returned from a vacation cruise aboard the Princess Italia. During their 13-day Princess Cruise from Los Angeles to Mexico, they visited Acapulco, Puerto Vallarta, Mazatlan, and Manzanillo.

A highlight of their tour of Acapulco was seeing the high divers of La Quebrada. They also caught a performance put on by the flying Indian Birdmen of Papantla.

Protection against high pressure sales proposed

Would you like protection against the high-pressure door-to-door salesman? Consumers very soon will have the opportunity to express their views on this question.

The Federal Trade Commission is rescheduling its hearings on the proposed regulations for a "cooling-off" period for door-to-door sales.

According to the Consumer Affairs Division of the County Department of Weights, Measures and Consumers Affairs, the hearings are to be held in Washington, D.C. on September 20 and 21.

The proposed regulation would require the company representative to advise the prospective purchaser of his right to cancel an agreement to buy within three working days.

Furthermore, under the proposal, the salesman will be required to furnish proper cancellation forms. It would be an unfair and deceptive act for any salesman to fail to properly inform buyers of their rights to cancel a contract.

In addition it would be illegal for him to sell or assign any note or sales contract to a finance company or other third party until five days after the sale.

According to Lawrence Sheahan, County consumer affairs coordinator, the regulation is especially important to people who have been victimized by unscrupulous "fly-by-night" operators.

Under the rescheduling, citizens have until September 13 to file prepared statements with the Federal Trade Commission.

A bill in the state legislature sponsored by Jack Fenton would provide similar consumer protection and is currently being considered by the State Senate.

Sheahan says that citizens wishing to write should address their statements to the Assistant Director of Industry Guidance, Federal Trade Commission, Washington D.C. 20580.

Additional information on the federal regulation and the bill in the state legislature may be obtained by calling the Santa Clara County Consumer Affairs Coordinator at 299-2105.

ALL-STAR COLTS --- West Valley League's Colt All-Stars are playing district tournament games this week at Saratoga High School. Campbell all-stars are, left to right, Jeff Mason, George Hahn, Steve Bell, Jay Gingrich and Gordon Hahn. The Hahn twins are brothers of New York Mets center fielder, Don Hahn.

Camp openings still available

Time grows short for boys nine to 12 in the Campbell area who would like to attend camp this summer in the Southwest YMCA program.

According to Gary Wayman, Y camp director, two resident Camp Campbell sessions still have openings - July 31 to August 7 from August 14 to 21.

Boys entering the fourth, fifth and sixth grades can register at Southwest Y headquarters, 16500 W. Mozart, Los Gatos or by calling 356-7126.

Among the numerous daily activities are swimming, boating, fishing, hiking, crafts, nature study, campfire programs, archery, rifle safety and riflery instruction, cookouts and the like.

Camp Campbell is located on the San Lorenzo river, in heavily wooded redwood country adjacent to Big Basin State Park.
